

HOWTO: Install Legal Lead Application

Friday, May 10, 2024 9:37 AM

Prerequisites

1. Download ZIP Archive - legal-lead-installation

<https://github.com/fwthompsonjr/leads-ui/releases/download/1.2.4/legallead.zip.installation-1.2.4.zip>

Installation

- Execute installation.ps1 in an elevated PowerShell window
- After installation completes, a new desktop icon for the application will be created.

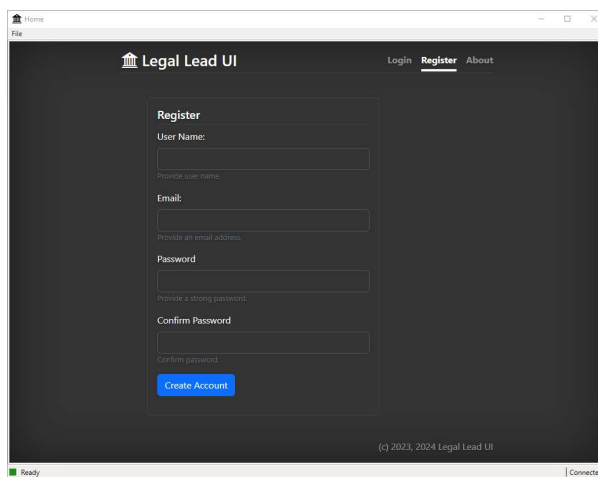

Icon:

Running the application

- Double-click the application shortcut
- A first time user will need to setup their account from the Registration Screen
- Existing users can login with their account credentials

Registration:

A screenshot of the Legal Lead UI application's registration screen. The window has a title bar with 'Home' and 'File' menus. The application title is 'Legal Lead UI' with a small icon. Navigation links 'Login', 'Register', and 'About' are in the top right. The 'Register' tab is active. The registration form includes fields for 'User Name', 'Email', 'Password', and 'Confirm Password', each with a placeholder text. A blue 'Create Account' button is at the bottom. The footer shows '(c) 2023, 2024 Legal Lead UI'.
